

To whom it may concern,

It is with great pride and enthusiasm that I write this letter of recommendation for **Nipson K C**, who served as the Campus Director for the Hult Prize Foundation at **University of New Haven** during the 2024–2025 program cycle.

The Hult Prize is a global movement that empowers young people to create social enterprises aligned with the United Nations Sustainable Development Goals. Each year, our OnCampus Program engages over 100,000 students in more than 120 countries, and at the heart of this effort are our Campus Directors — student leaders who take full ownership of the program at their university and mobilize their peers to take action.

Nipson K C demonstrated strong leadership from the outset as he launched and built the Hult Prize program on his campus. His ability to inspire, organize, and lead a team of volunteers was instrumental in the success and visibility of the program. He handled everything from strategic planning and event execution to community engagement and stakeholder coordination with professionalism and care.

His commitment to excellence was constant throughout his tenure. He consistently ensured that the program adhered to our best practices and delivered on key impact goals. His ability to adapt, problem-solve, and collaborate across cultures made him a standout within our global community.

Notably, under his leadership, the **University of New Haven** program was recognized as one of the **Top 5 Programs in North America** and was selected as a **finalist for the Hult Prize World Program of the Year**. This prestigious recognition reflects not only his local achievements but also his ability to make a mark at the international level.

I am confident that he will bring the same level of excellence, dedication, and vision to any future endeavor. I wholeheartedly recommend him for roles requiring leadership, cross-cultural collaboration, and impact-driven project management. Please feel free to contact me if you require any further information.

Sincerely,
