WORK EXPERIENCE

University of New Haven — West Haven, Connecticut
Information Technology Assistant, Office of Information Technology — *July 2024 - May 2025*

- Provided front-line IT support to university faculty, diagnosing and resolving real-time hardware and software issues across campus, which improved help desk resolution speed by 40%.
- Configured and maintained faculty systems, antivirus tools, and backend platforms; performed proactive updates and repairs, improving server uptime and reducing system-related support requests by 30%.

Hult Foundation — West Haven, Connecticut
Project Manager and Campus Director — *August 2024 - March 2025*

- Spearheaded the university's first Hult Prize initiative, engaging 1,000+ students and coordinating cross-functional teams across departments.
- Managed end-to-end project execution: strategic planning, stakeholder engagement, team leadership, marketing campaigns, event operations, and post-event impact measurement.
- Achieved Top 5 Campus Director ranking in North America (among 3,000+ universities globally); recognized with a Global Community Awards 2025 nomination for outstanding leadership and innovation.

Code Monkey - Coding Olympics Nepal — Kathmandu, Nepal
Project Manager and Community Builder — *Jan 2023 - Jan 2024*

- Led a team of 10 professionals to plan and execute large-scale coding events, overseeing project management, marketing, outreach, sponsorship, public speaking, and business development, growing community participation by 35%.
- Organized training sessions and workshops for 500+ participants, integrating program design, technical coaching, graphics, PR, and stakeholder management to secure 5+ sponsors and $10K+ in funding.
- Managed outreach campaigns, social media, and data tracking, optimizing promotion strategies and boosting brand visibility by 40% across target audiences.

Reflex IT Solution Pvt. Ltd. — Kathmandu, Nepal
Project Manager and Software Engineer — *Dec 2021 - Sep 2022*

- Led cross-functional teams (product, design, development, sales) to deliver complex client-facing web and mobile solutions, aligning technical execution with business objectives.
- Oversaw full project lifecycle management, including scope definition, timeline management, resource allocation, risk assessment, and stakeholder reporting, ensuring 100% on-time, on-budget delivery.
- Collaborated with technical leads to drive architecture design, system integration, and agile delivery using C♯, ASP.NET Core, AWS, and JavaScript, enhancing product scalability and client satisfaction.

EDUCATION

University of New Haven — West Haven, Connecticut
Master of Science in Computer and Information Science — *May, 2025*
